Candidate's Statement (reproduced exactly as submitted):

My wife Susan and I moved to Kenai in 1974. I have served on the Kenai City Planning and Zoning Commission, the Kenai City Council, the Alaska State Legislature, and currently serve on the Borough Assembly representing the City of Kenai. Serving in these capacities has been both challenging and rewarding. My record reflects support for a government that operates with a balanced budget, keeping property taxes low, and helps to create a community that is the best place to live, work and raise a family.

Areas of interest for me as your Borough Assembly representative include:

- support for economic development - jobs for residents
- continue to work to keep the mill rate low
provide full funding for public schools
- provide for the best possible local medical care facilities
- listen to your ideas and concerns and participate in thoughtful dialogue

I look forward to addressing these and other issues of importance to you in the upcoming weeks. Please feel free to contact me regarding your questions and concerns.

I would appreciate your vote on October 4, 2011
