Candidate's Statement (reproduced exactly as submitted):

My parents and uncle's families move to Alaska in 1948. My folks homesteaded in Nikiski in 1952. My wife's family also homesteaded in Anchorage. We were both born in the Territory of Alaska.

The reasons for running for Borough Mayor include, boosting the Peninsula's revenue by working with value added production of our resources, open up more land for private ownership, tap into our natural resources such as minerals, fishing, tourism, timber, and our greatest natural resource, our children and grandchildren.

We are permanent residents of Nikiski. We have family members buried in Nikiski. Our children all went to school in Nikiski and some of our grandchildren are now attending school in Nikiski.

My campaign will not have any roadside advertising. We will be using the old fashioned way, word of mouth and some ad copy.

One of my focuses will be on our right to subsistence fish in Cook Inlet. One of the goals is to reopen up our public beaches to the fishery we enjoyed 15 years ago.

I retired from Laborers Local 341 in 2005. The opportunities that were once available to me are no longer available for our children and grand children.
