Candidate’s Statement (reproduced exactly as submitted):

I want to thank the current Mayor for his public service, but it’s time for new leadership and direction. I am a registered Republican with principles of common-sense and fiscal responsibility when spending taxpayer monies:

1. Limit government expansion to protect current and retired city employee retirement contributions.
2. Government should not be in the business of competing with private businesses. With a new city manager I will advocate for lowering taxes and reducing regulation and red-tape which discourages businesses from expanding and creating new jobs.
4. Become pro-active with environmental impact and issues pertaining to land, water and air surrounding Seward.
5. Repeal Ordinance 2011-003 which unfairly targets a specific demographic. Current Mayor had the opportunity to defeat the Ordinance during recent council meeting. He failed to take leadership.

The current Mayor has voted repeatedly in favor of raising taxes and fees. As Mayor I will represent the whole community and advocate against higher taxes and fees. My international travel experiences in Europe and Asia will benefit Seward economy. I support Coastal Villages Region Fund in Seward.

A vibrant economy will reduce taxes and make Seward affordable for seniors, young adults and families. Thank you for your vote.
