SUBJECT: Ordinance 2007-19-03: Accepting and appropriating on behalf of Anchor Point Fire and Emergency Medical Service Area a Volunteer Fire Assistance grant from the Alaska Department of Natural Resources

The Anchor Point Fire and Emergency Medical Service Area (“Service Area”) has been awarded a \$5,931.00 grant under the 2007 Volunteer Fire Assistance (“VFA”) grant program. The Alaska Department of Natural Resources administers these federal funds.

Grant funds may be used for equipment purchases or training. The VFA grant program requires a minimum 10 percent match. Expenditures for fire fighting equipment or training made by the Service Area during the 2007 calendar year are eligible costs under the grant program. The Service Area has sufficient funds in its current operating budget to meet the matching requirements. The Service Area Board of Directors approved the acceptance of the grant at its meeting on July 16, 2007.

The grant program requires that the grant funds and matching funds be spent before December 31, 2007. Therefore, a shortened public hearing date of August 21, 2007, has been requested to allow sufficient time for the Service Area to use this grant.
