**Subject:** Ordinance 2007-19-22

Sherry,

Ordinance 2007-19-22 was originally scheduled for hearing on October 23, 2007, but was postponed to November 20, 2007, pending notification of the Certificate of Need (CON) by the Commissioner of Health and Social Service for State of Alaska. The Commissioner has not ruled on the CON as of today. State of Alaska statutes require that the Commissioner rule on the application by November 30th. I would ask that the assembly consider postponing action on this ordinance until December 4th, which is the first assembly meeting after the Commissioner is expected to rule on the CON.

Craig Chapman

Request to postpone  
until December 4<sup>th</sup> meeting.
