

FY 08
Municipal Energy Assistance Program (MEAP)
Overview

- The 25th Alaska State Legislature has appropriated over \$48 million to communities under the Municipal Energy Assistance Program (MEAP).
- These funds are being provided “for the purpose of defraying increased energy and other costs”. Therefore, your municipality may use its payment for any public service at the discretion of the local governing body.
- In order to receive your MEAP payment, the municipality must first submit to the Department the following three documents:
 - √ **FY 08 Adopted Municipal Budget** (2007 Budget for municipalities operating on a calendar fiscal year);
 - √ **FY 06 Municipal Audit or Certified Financial Statement**; and
 - √ **FY 08 MEAP Budget Form**

Note: If you have already submitted these documents to the Department, you do not have to submit them again.

- Attached is a FY 08 MEAP Budget Form for your municipality to complete.
- Please send the required three documents to:
