JOHN J. WILLIAMS
MAYOR

TO: Grace Merkes, Assembly President
Members, Kenai Peninsula Borough Assembly

THRU: John J. Williams, Borough Mayor

FROM: Gary Davis, RSA Director 

DATE: May 6, 2008

SUBJECT: Ordinance 2008-05 (Substitute)

Following is a replacement paragraph 1 for the memo appearing on page 116 of this meeting's packet:

1. Our construction standards relating to embankment (gravel fill) requirements are different from when a road is constructed without filter geotextile (filter fabric) or with geotextile. This is outlined in section 14.06.100 (A)(2) thru 14.06.100(A)(4) on Page 92 and 93 of the packet. The current amended Gravel Road Typical Section drawing, on page 94, indicates the depths of embankment necessary for **when geotextile is used**. **THIS AMENDMENT MERELY CLARIFIES THIS ON THE DRAWING.** The gravel road typical section as it exists in code now is shown first, followed by the proposed gravel road typical section as amended.
