Dear Sir or Madam,

The American Recovery and Reinvestment Act of 2009 (ARRA) includes funding for the provision of a State Fiscal Stabilization program. Using monies available under that federal provision, the Alaska Legislature appropriated \$20.7 million (HB 199) to fund a Community Economic Stimulus Program. The legislation provides all entities that were eligible for payment under the FY 09 Community Revenue Sharing Program shall be eligible for a grant under the Community Economic Stimulus Program. Payments are determined on a per capita basis using 2008 population data. The allocation for your community is listed in **Attachment F** of this packet.

The Department of Commerce, Community, and Economic Development, Division of Community and Regional Affairs (DCRA) is responsible for the administration and distribution of the Community Economic Stimulus Program funds. Payments to communities will be on a reimbursable basis only and participation in the Community Economic Stimulus Program is optional. If your community decides to participate, please be aware that your organization will need to meet certain federal requirements associated with the ARRA before a formal grant agreement can be initiated by DCRA.

Enclosed are various attachments related to the Community Economic Stimulus Program. **Attachment A must be completed and returned to the DCRA in order for the grant agreement process to be initiated.** The remaining attachments are for information purposes.

**Attachment A** is provided for your community to certify your intent to apply for a grant award. It also addresses the federal reporting requirements under this program. Once this form is completed and received by DCRA, it will trigger the formal grant agreement process with the Division. No grant funds will be released by DCRA without a completed **Attachment A** and fully executed grant agreement.

**Attachment B** contains information on how to obtain a DUNS Number and how to register your community under the Central Contractor Registration (CCR).

**Attachment C** outlines the restrictions on the use of the funds.

**Attachment D** lists some recommended uses of these funds to minimize reporting issues.

**Attachment E** offers guidance on the basic requirements that will be called for to expedite the grant making process and award the funds.

**Attachment F** lists by community the allocation of funds under this program.

The term of the grant agreement will be from June 1, 2009 through September 30, 2011. Time extensions to the grant agreement will not be available as this federal funding expires September 30, 2011.

Please send your completed **Attachment A** to:
