

**KENAI PENINSULA BOROUGH ROAD SERVICE AREA
RESOLUTION 2009-07**

**A RESOLUTION RECOMMENDING ENACTMENT OF KPB ORDINANCE
2009-29 AMENDING KPB 14.06.100 AND KPB 14.06.170 TO REQUIRE AN
ENGINEERING ANALYSIS AND DESIGN FOR ROAD CONSTRUCTION IN
THE SEWARD MAPPED FLOOD DATA AREA AND FLOOD INSURANCE
RATE MAP AREA**

WHEREAS, on April 29, 2009, the Flood Plain Task Force voted 6 to 1 to require engineered design of roads in the Flood Insurance Rate Map area and the Seward Mapped Flood Data area in order to be certified for maintenance; and

WHEREAS, roads in the Seward area are particularly susceptible to flood damage, which could be mitigated by professional design and construction practices in conformance with that design; and

WHEREAS, improved road design standards for the Seward area is consistent with Chapter 2, Floods, of the All Hazard Mitigation Plan, which recommends drainage plans for roads and discourages unwise development in flood hazard areas.

NOW THEREFORE, BE IT RESOLVED BY THE KENAI PENINSULA BOROUGH ROAD SERVICE AREA BOARD:

SECTION 1. That the Road Service Area Board recommends that the assembly enact Ordinance 2009-29.

SECTION 2. A copy of this resolution shall be forwarded to the mayor and assembly.

ADOPTED BY THE KENAI PENINSULA BOROUGH ROAD SERVICE AREA BOARD ON THIS 12TH DAY OF MAY 2009.

Ron Wille, RSA Board Chairman

ATTEST:

Doug Schoessler, Road Service Area Director
