DAVE CAREY
BOROUGH MAYOR

MEMORANDUM

TO: Milli Martin, Assembly President
Members, Kenai Peninsula Borough Assembly

FROM: Gary Superman, Assembly Member 

DATE: June 30, 2009

SUBJECT: Ordinance 2009-32, establishing the Central Peninsula Multi-Use Facility Service Area

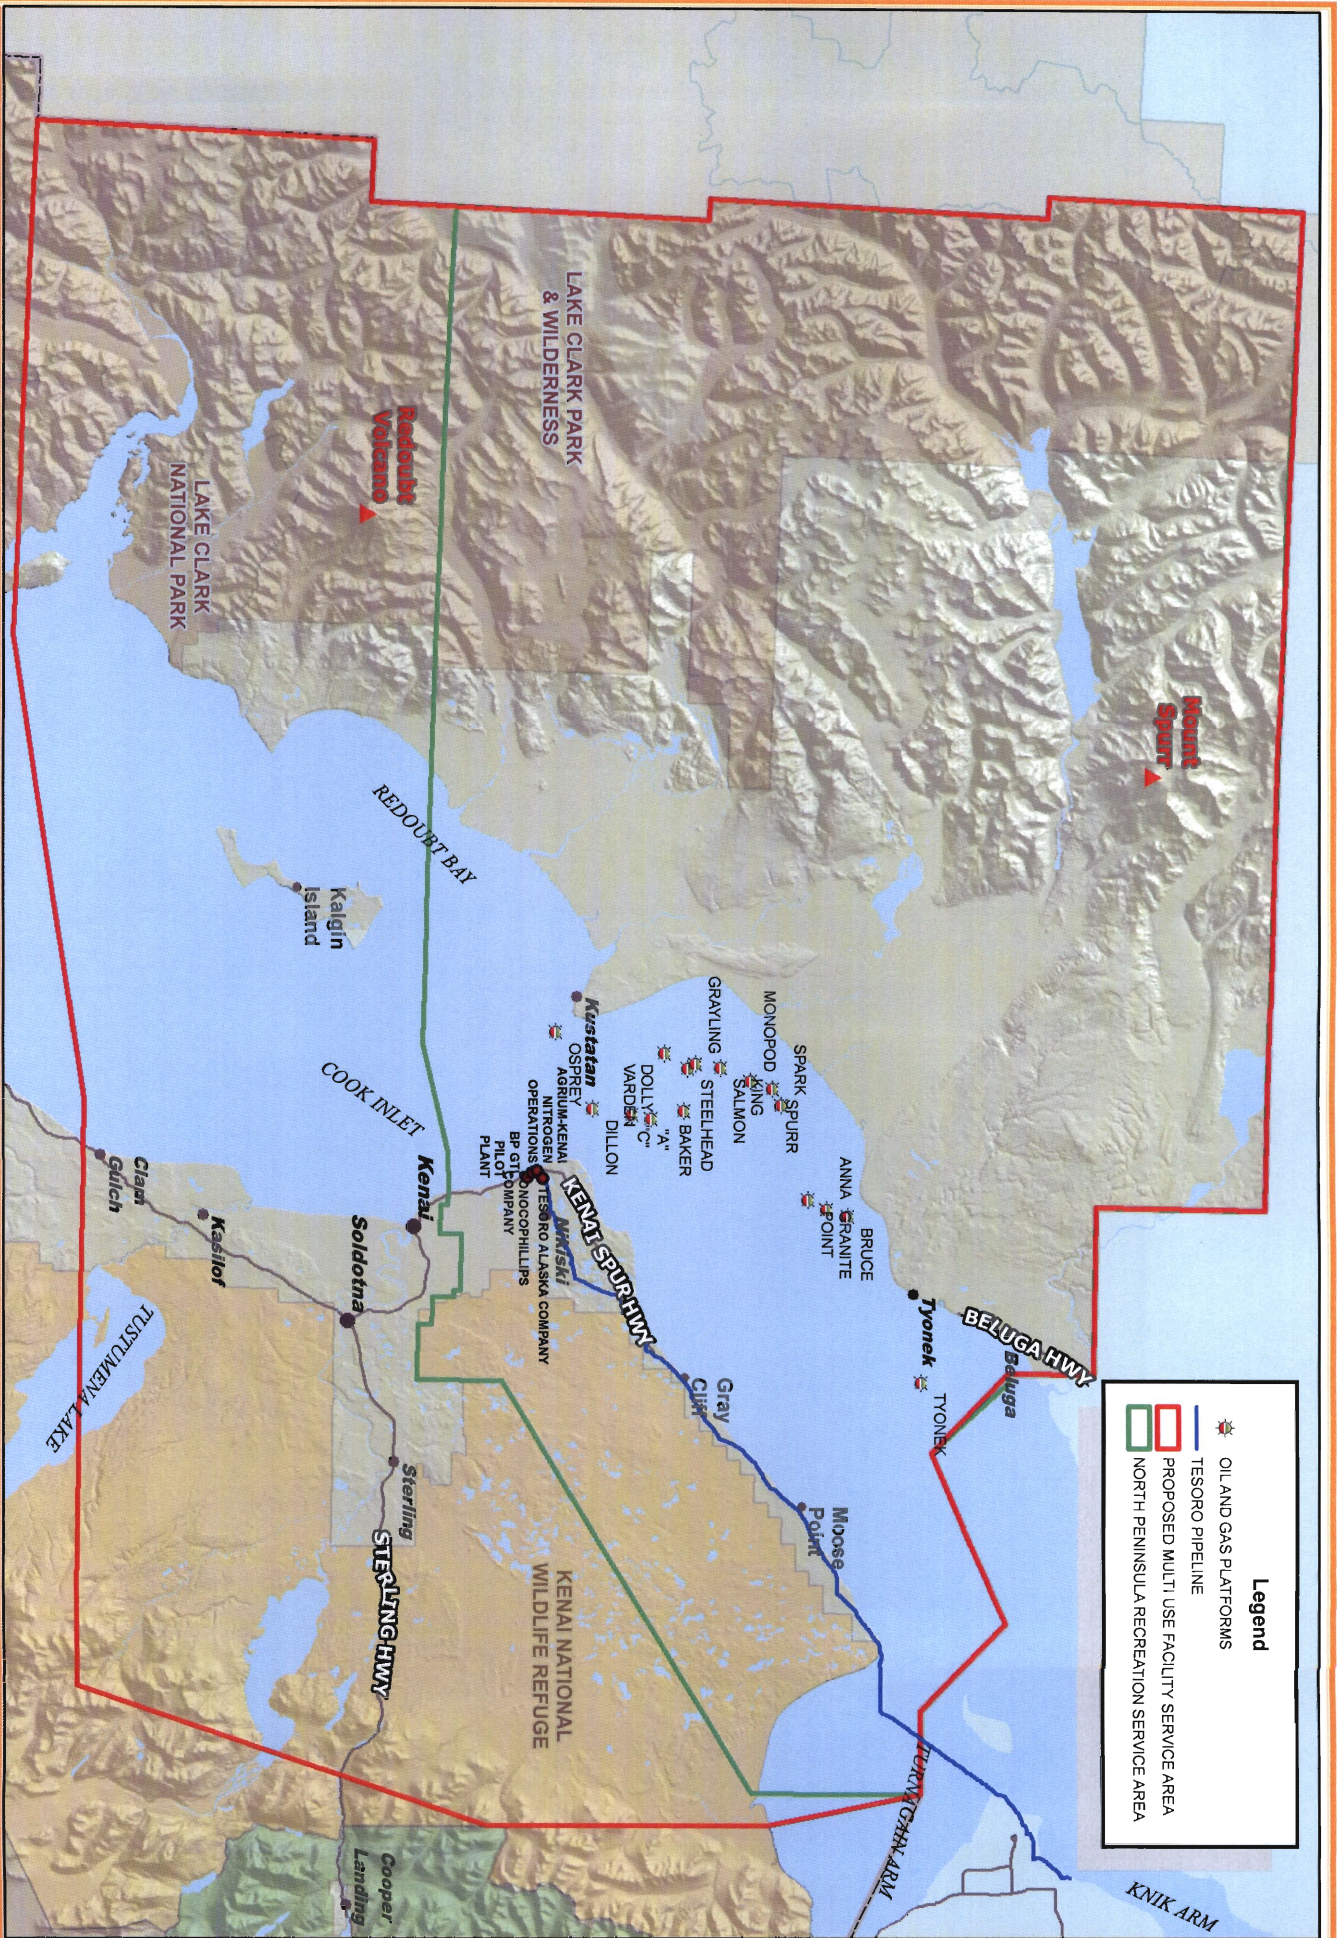

This memorandum is to advise the assembly that it is my intent to make a motion during the July 7, 2009, assembly meeting to change the boundaries of the proposed service area to exclude the North Peninsula Recreation Service Area (NPRSA). The GIS department is preparing maps that will show an overlay of NPRSA and the proposed service area to help the assembly and public visualize the difference. In my view, the function of the multi-use facility service area overlaps that of NPRSA in that both service areas provide for recreational services. I have heard from numerous constituents in the NPRSA who oppose being taxed twice for very similar services.

The taxable assessed value of real property, AS 43.56 oil property, and personal property in the proposed service area is \$4,138,736,817. In contrast, the same types of property in the NPRSA is \$1,165,785,840, with the result that the taxable assessed value of the same types of property in the proposed multi-use facility service area excluding the NPRSA is \$2,972,950,977.

Your consideration of this amendment would be appreciated.
