**Subject:** Soldotna Cemetery

Mr President and assembly members

I was very disappointed to see that the assembly intends to give away 10 acres of valuable land that is owned by all residents of the Kenai Peninsula Borough to a special interest group in the city of soldotna. Soldotna has land available for a cemetery and soldotna residents voted to put it on Knight drive. All other communities in the borough provided land for their cemeteries. Soldotna can do the same. This seems to follow a distinct pattern of the assembly giving away borough taxpayers land and money to special interests. And don't tell me they are paying for it. Less than market value. Maybe assembly members in favor should pony up the difference to reimburse taxpayers who will never use that cemetery in spite of what the soldotna mayor says. Not good
